

**Many People Yet to be Won Over Are Waiting For Us <Is 66:18-21> <Ac 1:1-3,8,14; 2:1-5,41-47; 11:19-26; 13:1-3>**

**Introduction:** God's promise is the absolute truth. How much you can receive depends on how much you can accept. Some people heard God's promise, understood and saw the greatest blueprint for their lives and thus their problems instantly disappear from their spirits, people besides them are also blessed one by one. Some other people heard the promise, but because of their own spiritual problem, they cannot understand and thus remain in their small and temporary problems. Therefore, we can say: The most blessed person in this world is the one who does not add on or deduct from God's promise but joyfully accepts the blessings. Our Lord Jesus Christ is the beginning and the end who bears this promise. Because the people of great faith in the Bible also believed in this promise, they lived on earth with a spirit of foreigners, did not pursue this world and everything in it, thus they lived as most dignified and blessed people on this earth. We today are the lead characters who live in this era to manifest the glory of the Lord and complete the mission of heavenly kingdom. Without this great vision, there is no way to hear the infinite and understanding voice of the Holy Spirit, thus no way to be blissful, today unable to hope for tomorrow, unable to find a way out in trials. This is not to say that we have to be perfect in order to be blessed, but we have to constantly keep our spirits in awaken state, not allowing ourselves to fall into sleeping state. The days of awakened spirit are not only remembered in eternity, but even if live for only a moment, it is also living in a meaningful, powerful and victorious state.

- 1. When our spirits grasp [the answer of Christ's gospel], the Lord already prepared for us many people yet to be won over**
  - \* As a result of not seeing God, man remains in all kinds of problems. If a person truly has the answer in Christ, the Lord will naturally give him an era.
- 1) **When we grasp how to use our spirits to hear the voice of Holy Spirit (be Holy Spirit filled), doors of the whole world open for us <Ac 2: 1-5>**
  - \* Disciples confirmed the promise the Lord gave them before His ascent, this promise became the blueprint in their spirits (lead characters of the era), the voice of Holy Spirit emerged from this spirit.
  - \* Pentecost was about a group of disciples (represented by Peter) receiving the Spirit who had ever touched Jesus Christ, their spirits received the same blueprint (Vision) as Christ, and the courage (Power) and Message that followed, they submitted and preached, the powerful work of Holy Spirit was manifested in the hearts of those who listened.
- 2) **When our spirits clearly see how people are harassed and helpless (like sheep without shepherd), the Lord will entrust His sheep unto us <Mt 9:35-38>**
  - \* Those without blueprint will remain in their own small concerns and problems and cannot understand the deep spiritual problem of man. In other words, they themselves are still in problems.
  - \* But those who have blueprint in their spirits, their spirits will be naturally led to God's harassed and helpless sheep, and can save and liberate them. <Jesus saved the city of Samaria>
  - \* Only workers who recognise the spiritual problem in man can grasp the absolute answers in man's problems (spirit, heart, body, living, interpersonal relationship, family, finances...)
- 3) **When our spirits recognize the areas in which believers lack grace, the Lord will seek us to serve all His churches <Ac 11:25-26>**
  - \* In this era, many believers always learn the word of God, but cannot understand the essence, thus they cannot hear the voice of Holy Spirit in all things, but always lean towards mysticism, prosperity faith, presumptive faith and legalism. Thus, their lives are not healed and they cannot bear abundant fruits. Among those who serve the Lord, many remain in a state of no heart, no power and no fruits.
  - \* Therefore, believers who truly have vision and blueprint in their spirits will have the burden to pray for the churches of this era and the message to bless them.
- 2. Based on the principles set by God, win over the people yet to be won over**
- 1) **Although we are already equipped in the answer of Christ's gospel, we must be guided by the Holy Spirit to win and raise every important soul**

E.g. Jesus won over Samaritan woman, and subsequently through her, conquered the city of Samaria; Paul won over Lydia and through her won over her entire family, and subsequently established the church of Philippi, all these interrelated and effective gospel work all arose because the evangelist knowing how to be guided by Holy Spirit and be God-driven.
- 2) **The absolute way to win over the people yet to be won is through the spiritual strength of meeting <Ac 2:41-47>**
  - \* Believers devoted themselves to the apostles (pastors) teaching and to the fellowship, to the breaking of bread and to prayer, bring out their financial strength, gather with joyful hearts, bringing the strength of unity in spirit, first to increase the faith of believers, then to activate the work of angels, so that forces of darkness are cast out and doors of evangelism will open.
  - \* Therefore, in the timetable of individual, family, region, world gospelisation, absolutely cannot treat the fellowship of brethren lightly. Believers who cannot be faithful to church altar and brethren living are often in a state of 'daydreaming'. In the gospel work that they want to carry out will also often have the phenomenon of giving up halfway.
- 3) **Thus, in order to let the living spring flow out in 2010, must be faithful to church living in the following areas**
  - ① This year, treat the restoration of one more meeting as main prayer topic. Church living is based on our church's 4 meetings as the standard to challenge ourselves.
  - ② This year earnestly pray for the blessedness of every church meeting. To be punctual for every meeting, enter meetings with prayerful heart, restore spiritual strength in meetings.
  - ③ Be faithful in ministries. Example: Small groups, office gospel station, youth fellowship, gospel leaflets, devotional materials, videography, website, choir and hymn recording, recording of messages, book-writing, Blog, CDs, DVDs, etc, all have to sustain and carry out with added grace.
  - ④ Continue to put the network of world gospelisation in heart, always remembering one another in spirit (if hear any news), then can enter new timetable.
  - ⑤ Therefore, there is great blessings of God in your current situation/problems (help him discover perfect will and call on the Lord, so that he sees the Lord personally answers him)
- 3. But finally, our entire concern should be placed on the life of 'one person'**
- 1) **Although Lord Jesus Christ had the greatest blueprint in His heart, He used His entire life to bless one life**
  - \* A person's life can change the whole world, therefore cannot treat a person's life lightly. Man's life all has the same body, heart, spirit, living, interpersonal relationship, family, inheritance...therefore, if we truly understand a person's life, the answer to make him born again, healed, be raised up, bless all peoples is already in us. Furthermore, the person whom we bless with our lives absolutely will not receive that grace in vain. Holy Spirit will fulfill great work on that person through our spirits' prayers.
- 2) **Distinguish the life of that 'one person', and use your own entire life to bless him**
  - \* The Lord's sheep have 5 commonalities:
    - ① Very mournful and hunger and thirst for righteousness, thus yearns to come to church, know the Bible.
    - ② Recognise the Lord's voice, can understand the simple but profound spiritual message.
    - ③ Spiritual nature is positive, because if see the Lord's grace, life is actually very willing to sell everything to follow the Lord.
    - ④ Once understood and experienced the word of the Lord, take initiative to preach to others.
    - ⑤ There are many sheep of the Lord besides them, all of the same kind as them, can be attracted by the gospel of the Lord.
- 3) **The Lord's promise is the truth. Therefore, only by following and being faithful to the promise with all heart, all soul, all mind till today, can the fulfillment of tomorrow be revealed naturally!**
